

WILLIAMS COMMUNITY NUMBAT  
QUIZ NIGHT  
17TH MARCH

*Auction Catalogue*

# Welcome!

Dear Numbat Supporters,

Project Numbat would like to take this opportunity to thank you all for your support. Since 2006 the volunteers of Project Numbat have worked hard raising both funds and awareness for Numbat conservation. Whilst most of our fundraising so far has been spent on conservation activities, we believe that raising Numbat awareness is just as important. In order to ensure the species' survival, we need people to know what a Numbat is to help us to conserve them.

With this reasoning, the idea for a large Numbat sculpture was born, and in 2016 Project Numbat was delighted when the Shire of Williams accepted our proposal to create this large feature in the home of Numbat Country. Williams is a rural community located approximately 38 km south of Dryandra Woodland, which is home to one of the last two remaining wild populations of Numbats in Australia. Numbats used to be found right across southern Australia but their numbers have dramatically declined due to predation by foxes and cats and loss of their habitat.

Saving our beloved state mammal emblem from extinction is something we feel so passionate about, so again we'd really like to express how much it means to us for you to come along and show your support. We hope you have a great evening!

Cheers,

Tamara Wilkes-Jones  
PRESIDENT

## *Special thanks to...*
